YOUR PREFERRED WEALTH MANAGEMENT ADVISER

1. Budgeting & Cash Flow Management

1. Income – Expense = Saving or

2. Income – Saving = Expense

Big Decision Model ! The Simple Rule is :

DREAM

**20 % for long term commitment
i.e. Education and Retirement**

WANTS

30 % for Lifestyle Expenses

NEEDs

50 % for Necessary and Fixed Expenses

Track income vs. expenses (apps like YNAB, PocketGuard, or even Google Sheets).

2. Build a Solid Financial Base

Step	Why It Matters	Action
Emergency Fund	Covers unexpected costs & prevents debt	Save 3–6 months of living expenses in a high-yield savings account
Basic Insurance	Protects against financial shocks	Health insurance, life insurance (if dependents), disability coverage

3. Debt Management

- **High-interest debt first** (credit cards, payday loans).
- Make at least the minimum on all debts, then snowball or avalanche method.
- For student loans: understand repayment options, interest, and forgiveness rules.

HARVESTON

YOUR PREFERRED WEALTH MANAGEMENT ADVISER

4. Smart Saving & Investing Early

- **Smart Saving & Investing Early**
- Start **as early as possible** (power of compounding).
- **Retirement accounts:** EPF (Malaysia), 401k/IRA (US), PRS or private funds.
- **Low-cost index funds/ETFs:** Diversified, low fees.
- Automate monthly contributions.
